Particulate Respirator

Makrite® 910-N95

Makrite® 910-N95 Particulate Respirator

Makrite® Industries, Inc. • Hsi-chih, Taipei Hsien, Taiwan
Phone No. in USA: 1-800-379-9929

NIOSH Approved Product

Fitting Instructions:

Step 1
Hold respirator in your hand as shown, with the nosepiece at your fingertips and the headbands hanging freely below your hand.

Step 2
Place respirator under your chin with the nosepiece up. Pull the top headband to top back of head.

Step 3
Pull the bottom headband overhead and place around neck below ears.

Step 4
Adjust headbands for comfortable fit. Push the nosepiece inward with your fingertips to conform to the shape of your nose.

Warnings:

1. Wearer must read fitting instructions and use limitations before use.
2. This respirator does not protect against the risk of contracting disease or infection.
3. Individuals highly sensitive to natural rubber latex may have an allergic reaction.
4. Before use, the wearer must be trained in the proper use in accordance with applicable safety and health standards for the contaminant and exposure level in the work area.

Caution:
The respirator should be fit checked for each wearing. Place both hands completely over the respirator and exhale. If air leaks around nose or the edges, adjust the nosepiece and/or headbands until a good fit is achieved.

Limited Warranty

Important Notice to Purchaser:
This limited warranty is made in lieu of the warranties of merchantability, fitness for particular purposes and all other warranties, express or implied. There are no other warranties which extend beyond the description on the face hereof. The physical standards and specifications to which Makrite, Inc. products are manufactured are as follows:

Service Time Limitation

1. Do not use the same respirator for more than 8 hours, continuous or intermittent, in dirty workplaces that could result in high filter loading.
2. Leave contaminated area and remove respirator if breathing becomes difficult or proper fit cannot be obtained. Do not reuse the respirator in damaged, wet, or distorted condition.
3. The maximum service time of this respirator is five (5) consecutive calendar days (including days of non-use), beginning from the first day of use.
